

Letters to the Library

Describe yourself in a sentence or two, for example your age and occupation (or, if you do not have one, what you like to do). What is your household like?

I'm ten years old. I have an older sister, and no pets.

What is your day to day routine like now? What has changed? What has not changed?

It is weird because everything is online, and wherever I go, I have to wear a mask.

What precautions have you taken against the virus? How have you prepared? Were there any difficulties (shortages, high prices etc.)?

I have been wearing masks, washing my hands more often, and using sanitizer a lot.

What have been the biggest challenges for you during this time?

I can't see my friends.

How have you stayed busy?

I have been playing online games like Roblox to keep in touch with them. We also text and sometimes call.

Have there been any positives to this situation?

I have been getting up later to do school. We also have no homework in class, because we are already at home.

What local Wallingford places/businesses do you miss most?

I miss WPS, restaurants, and the YMCA.

How have you stayed social while social distancing?

I have been keeping in touch with my friends. I have also been calling my family from another country.

What is the first thing you are doing when things go back to normal?

I will go to the library to check out some books, and sign up for the activities. I will also go to Taco Bell.

How did you celebrate the Holidays? Did you see family in person, digitally, or not at all?

I didn't see my distant relatives because they live in another country, but we video-called them.

How will you be celebrating Wallingford's 350th Jubilee? If you were here for the 325th Jubilee, do you have any memories you would like to share?

I don't know how I will celebrate it.

What do you miss most about the Wallingford Public Library? What is the first thing you will be doing when you can come back into the building?

I will get books, sign up for activities, and go on the computers.
