

Letters to the Library

Describe yourself in a sentence or two, for example your age and occupation (or, if you do not have one, what you like to do). What is your household like?

N/A

What is your day to day routine like now? What has changed? What has not changed?

I feel more bored a lot of the time, and I usually just text friends and watch YouTube the entire day. It was not like this before then, and I used to go to swimming practice and stay at people's houses.

What precautions have you taken against the virus? How have you prepared? Were there any difficulties (shortages, high prices etc.)?

No not really, but we always wear masks out and we follow the cdc's rules.

What have been the biggest challenges for you during this time?

Not going to school. Remote learning sucks, it strips all the fun out of learning. There is NO social interaction happening at all.

How have you stayed busy?

Following the Dream SMP. It's got a lot of lore, so it's fun to think about what might come next!

Have there been any positives to this situation?

Yeah, there's more family time, and it starves you for little things that you used to take for granted, like seeing people, so you enjoy them more.

What local Wallingford places/businesses do you miss most?

N/A

How have you stayed social while social distancing?

YES. My texting skills have gone through the roof by now.

What is the first thing you are doing when things go back to normal?

Hugging. So much hugging.

How did you celebrate the Holidays? Did you see family in person, digitally, or not at all?

In person, but we all got tested first (this was pre-vaccine) and it was really fun!

How will you be celebrating Wallingford's 350th Jubilee? If you were here for the 325th Jubilee, do you have any memories you would like to share?

N/A

What do you miss most about the Wallingford Public Library? What is the first thing you will be doing when you can come back into the building?

N/A
